Source Code: <https://github.com/ChannMyaeAung/manage-landing-page>

Technologies: ReactJS, JavaScript, Tailwind, Framer Motion

Experience

IT SPECIALIST (VOLUNTEER), RECOFTC; YANGON, MYANMAR — MAY 2021- JAN 2023

During my tenure as a volunteer IT Specialist at the RECOFTC Yangon office in Myanmar, I actively contributed to the development of internal web applications centered on data visualization. Leveraging technologies like ReactJS, JavaScript, TypeScript, and ReCharts, I contributed to creating dynamic and user-friendly interfaces that helped decision-making processes within the organization.
